CASE NO. 12-CR-269-OL (JGK)

MOTION TO EXPEDITE  
FOR EMERGENCY RELIEF

Comes now Carlos Salomon-Mendez, defendant  
represented by counsel but due to these dire  
emergency and my on going health problems  
and the pandemic, I am personally filing this  
motion in the hopes that this honorable court  
will accept and consider this motion for the  
foregoing reasons.

I have been incarcerated now

going on several years. I have participated in many educational programs and I have an excellent record. My issues are due to my medical problems that I suffer from. I take insulin twice per day, they just started me on new high blood pressure medication due to my uncontrollable blood pressure, during my pretrial I suffered a severe stroke and had to be hospitalized due to my severe medical conditions, FCI Fairton New Jersey is unable to provide for my medical care they don't even have a medical Dr. on staff here at this institution, they

have failed to treat my medical conditions yet alone they fail to control the Covid 19 outbreaks here at this particular facility - if I were to fall ill due to any complications of my medical conditions along with Covid 19 it would almost certainly be a death sentence even if a person is vaccinated it does not prevent you from getting the virus and many of its variants.

Your Honor, I'm still ill and I have less than 20 months to go that is

with halfway house - home-confinement. I do not want to live in fear that I may die in prison being that the fact of the matter is that I'm ill and COVID 19 still exists. I have difficulty functioning in this institutional environment this is the only reason why I'm asking this Honorable court to consider this motion for Emergency relief to Expedite due to all of my health concerns, as my attorney, along with my medical records you can see.

I know that I will be successful once released I just need a chance

to show this court and to help my  
family. I have a feasible release plan  
And this is why I'm coming before the  
mercy of this honorable court and asking  
this court if you will find merit to all  
the legal bricks my lawyer filed for me and  
consider to expedite this case forthwith.

Dated 04-29-21

Respectfully,  
Carlos Salamin
